Ref: WCFS Project No. 2056
Valley Forge General Hospital Final Remedial Investigation
Report and Draft Feasibility Study Report.

Dear Dr. Yap:

Woodward-Clyde is pleased to submit the enclosed Final Valley Forge General Hospital Remedial Investigation (RI) Report for your information and the Draft Valley Forge General Hospital Feasibility Study (FS) Report for your review and comment. These reports document work performed by Woodward-Clyde Federal Services under Delivery Order Number 22 under Contract Number DACW45-90-D-0008 with the U.S. Army Corps of Engineers.

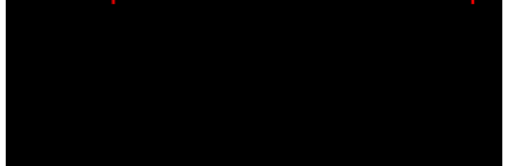

The RI Report is composed of three volumes. Volume I contains the main report, which consists of the Executive Summary and Chapters 1 through 10. Volumes II and III contain Appendices A through O which include copies of soil borings, monitor well as-built diagrams, subcontractor reports, and responses to comments on the Draft RI Report.

Enclosed are one copy of Volumes I and II of the Final RI Report and one copy of the Draft FS Report. Volume III (Books 1 and 2) has not changed from the Draft RI. Consequently, Volume III has not been recopied and the Draft Volume III should be considered final. In accordance with the National Environmental Policy Act, we are providing 45 days for review of the Draft FS report. Please submit your written comments on this document within 45 days after receipt of this package.

We look forward to discussing any comments that you and the reviewers may have on the Draft FS report. Please contact me at (301) 309-0800 if you have any questions regarding this submittal.

Sincerely,

Not Responsive Due to Revised Scope
